Environmental, Health and Safety Policy

As a buyer, seller, data clearing and testing of mobile phones, tablets, and other small electronics Reagan Wireless is dedicated to the protection of non-renewable resources. Reagan Wireless recognizes and accepts its responsibility to provide a safe and healthy working environment for all its employees, contractors and visitors who use its premises.

Our Environmental Health & Safety Management Systems (EHSMS) govern the processing of this equipment as well as the handling & processing of residual materials.

It is our intention to:

- Maintain an EHS Management System appropriate to the purpose and context of Reagan Wireless, including the nature, scale and environmental impacts and OH&S risks/opportunities of its activities, products, and services.
- Maintain an EHS program consistent with ISO 14001:2015, ISO 45001:2018 and the R2V3 standard to provide a framework for setting EHS objectives.
- Commitment to fulfil its compliance obligations including those covering focus materials and other requirements set by our management.
- Comply with all regulations for countries of import for R2 focus materials under our control.
- Commitment to provide safe and health working conditions for the prevention of injury and ill health and continual improvement in EHS Management System to enhance EHS Performance
- Focus on a management strategy that is based on a hierarchy of reuse and recovery and as a last resort, energy recovery.
- Commitment to consultation and participation of workers and elimination of hazards and reduction of OH&S risks
- Ensure safe practices for the handling, storage, and transport of focus materials.
- Commitment to the protection of the environment including prevention of pollution and other specific commitment relevant to the context of Reagan Wireless
